ABOUT

Coltcam is a leading provider of information technology solutions to the federal government and prime contractors. Our infrastructure allows our customers to focus on their own business and mission priorities while lowering total cost of ownership. What truly sets us apart is our extraordinary team of highly certified professionals who are committed to understanding our customer's current and long term needs.

QUALITY

Coltcam is committed to providing our customers the best prices available without jeopardizing quality and control. Good management practices have developed into a state-of-the-art Quality Management System (QMS). That system ensures Coltcam and our staff can deliver products and services that exceed our customer's expectations.

OUR MARKETS

Coltcam has a nationwide sales and engineering team that specializes in selling to the federal government and prime contractors. Coltcam is actively engaged as a prime contractor or as a sub-contractor. These engagements represent a wide range of federal contracts and products.

- Department of Defense
- Intelligence
- Civilian
- Healthcare
- Commercial

SERVICES

Coltcam's service portfolio helps our customers manage costs, maintain up-to-date technology, and improve end-user productivity. Our engineers free up the customer's IT personnel and allow the customer to focus their own initiatives.

- Systems Integration/Administration
- Custom Configuration & Installation
- Solutions Architecture
- Virtualization

- Consolidation
- Identity & Access Management
- Cyber Security
- Multi-Level Security Solutions
- Asset Tagging & Product Kitting
- Just In Time Delivery
- Laser Engraving & Embroidery

STRATEGIC PARTNERS

Coltcam has developed strategic partnerships with the leading technology manufacturers. These relationships uniquely position us to provide our customers with technology solutions that best represent their needs and cost initiatives. Coltcam represents over 1500 different manufacturers which gives our customers one point of contact for all their technology needs.

- ACER
- Cisco
- Dell
- HP
- Hitachi
- IBM

PAST EXPERIENCE

US Army –

Coltcam assisted in an urgent troop deployment. We were asked to supply 575 Samsung smart phones, integrate firmware, upgrade the memory card and install a ruggedized, cabled case within 25-days. Coltcam worked with Samsung and was able to get the product sourced and shipped within 10-days. These phones are the soldier's life-line back to his/her commander and act as a GPS tracking device. The customer trusted Coltcam to meet the delivery requirement, work within their budget and deliver with perfect accuracy. Everyone at Coltcam went the extra mile to make sure we achieved success and exceeded the customer's expectations.

US Department of Justice -

Coltcam was the lead architect in designing and replacing infrastructure servers, desktops and notebooks. Our task was to analyze their existing infrastructure and recommend the best course of action. We had work within their budget, recognize their complex structure and keep focus on their future objectives. The combination of Coltcam, the customer and the manufacturers allowed us to present cooperative and cost efficient proposal. From that proposal Coltcam was given a contract to supply the infrastructure upgrades and add-on products.

WHY COLTCAM?

We know the customer has many options when sourcing their technology needs. It is understood you must be extraordinary to separate yourself from others. We have done just that with Coltcam.

Coltcam's owners have been in the technology industry since 1986 and have developed the industry's best Quality Management System (QMS). Our QMS is designed to assist our customers with quick, accurate and cost efficient transaction cycles. We believe in a low cost transaction that doesn't jeopardize the quality of the result. Simply, we have the experience and the systems in place to make sure the customer gets the full benefit of their investment.

- Experience - In the industry since 1986
- Nationwide Sales and Engineering Team
- Nationwide Stocking Warehouses

- Quick and Accurate Turnaround On All Quotes
- Competitive Pricing
- Partnerships With Leading Manufacturers
- Over 1500 Different Manufacturers Represented
- Certified - Small, Minority, Woman-Owned
